## PROFESSIONAL SUMMARY

Software Development Intern with experience in building full-stack applications using ABP.IO, ASP.NET, and Azure. Skilled in developing and deploying secure, scalable software solutions, leveraging CI/CD pipelines and SQL Server for database management. Proficient in both frontend and backend technologies, with a strong foundation in Java, Python, React, and Angular. Proven ability to collaborate effectively within teams using Git for version control and Agile methodologies. Ranked 35th out of 400+ students at WeThinkCode and recognized for academic excellence, graduating top of the class at Umuzi Academy.

## EDUCATION

<b>WeThinkCode_</b> <i>Systems Development, Software Engineering</i>	Johannesburg, South Africa <i>Sep 2023 – Dec 2024</i>
<b>Umuzi Academy</b> <i>Systems Development, Web Development</i>	Johannesburg, South Africa <i>Aug 2023 – Aug 2024</i>
<b>University of Johannesburg</b> <i>BSc in Mathematics with Informatics</i>	Johannesburg, South Africa <i>Jan 2020 – Nov 2022</i>

## WORK EXPERIENCE

<b>Software Development Intern</b> <i>WeDesign Solutions</i>	Mar 2024 – Aug 2024 <i>Johannesburg, Gauteng</i>
<ul style="list-style-type: none"><li>• <b>Developed Full-Stack applications</b> using ABP.IO and Visual Studio, focusing on both Front-end and Back-end to enhance the user experience and streamline backend processes.</li><li>• <b>Leveraged Azure for hosting, CI/CD management, and Deployment</b>, resulting in faster and more efficient deployment cycles for application updates.</li><li>• <b>Followed the ABP.IO migration guide</b> to implement standardized features, ensuring project consistency and adherence to best practices.</li><li>• <b>Utilized Git for version control and collaboration</b>, improving team efficiency and maintaining code quality throughout the project.</li></ul>	

## PROJECTS

<b>Ubuntu Book Store</b>   <i>ASP.NET Web, WCF, SQL Server, Visual Studio</i>	June 2024 – Oct 2024
<ul style="list-style-type: none"><li>• Developed a <b>secure, scalable</b> E-commerce platform leveraging <b>ASP.NET Web, WCF services</b>, and <b>SQL Server</b> for <b>product, user, and order management</b>.</li><li>• Engineered dynamic <b>product catalog, user registration, and admin pages</b> with <b>ASP.NET MVC, Web API</b>, and a <b>responsive front-end design</b>.</li><li>• Built <b>WCF services</b> to facilitate seamless communication between the <b>Web, Business, and Data Access layers</b>, streamlining <b>business logic</b> and <b>database operations</b>.</li><li>• Implemented <b>SQL Server</b> for efficient <b>data storage and management</b> of product inventory, user profiles, and transaction records.</li></ul>	

## TECHNICAL SKILLS

- **Programming & Backend:** Java, C++, Python, JavaScript, TypeScript, HTML, CSS, Node.js, ASP.NET, Express.js, C#, Django, JavaFX.
- **Frontend Development:** React, Angular, Redux, ASP.NET Core, Entity Framework Core, IdentityServer.
- **Databases & Cloud:** NoSQL (MongoDB), PostgreSQL, MySQL, AWS, Azure.
- **Version Control & Tools:** Git, Docker, GitHub, CI/CD pipelines, VSCode.
- **Project Management & Testing:** Agile methodologies, Sprint Planning, TDD, Unit Testing.

## AWARDS

- **Graduated top of the class** at Umuzi Academy.
- **Ranked 35th out of 400+ students** at WeThinkCode\_ in academic performance.
